HOSP-ECO Training of Trainers Activity Vienna, Austria. November 27-28, 2024

Promoting Sustainability and Leadership in Hospitality.

Vienna was the hub for sustainability in hospitality as the BEST Institut hosted the vibrant Hosp.eco consortium for a Training of Trainers event. This gathering brought together a diverse group of project experts and external guests, all united by a common goal: to steer the hospitality sector toward a more sustainable future.

Two Days of Intensive Learning and Networking

Over the course of two action-packed days, attendees delved into various sustainable leadership strategies and had the opportunity to engage with Hosp.eco's newly developed impact measurement tool.

Day 1: November 27

Participants dived into foundational and forward-thinking topics, discussing:

Module 1: The Fundamentals of Sustainability in Hospitality

Module 2: From Traditional Leadership to Sustainability Leadership

Module 3: Environmental and Social Responsibility in Hospitality

Module 4: Digital Interventions for Sustainable Hospitality

Day 2: November 28

The discussions continued with practical and impactful modules:

Module 5: Implementing Sustainability Tools in Hospitality

Module 6: Developing and Maintaining a Sustainable Culture

Module 7: Assessment and Continuous Improvement of Sustainability Practices

The activity wrapped up with participant evaluations, testing assessment tools, and final reflections on building a more sustainable future.

FINAL TRANSNATIONAL PARTNERS MEETING OF THE EUROPEAN HOSPECO PROJECT

On November 29, 2024, the final meeting of the project took place at the BEST office in Vienna.

Throughout the meeting, participants reviewed the progress made over the duration of the project and discussed the key results. A significant milestone celebrated was the official publication of the HOSPECO tool, a specially developed resource designed to measure and reduce environmental impact within the hospitality industry.

Milestone Achievements:

- All project goals have been fulfilled.
- Final results are almost ready to be published on our website.
- **Exciting next steps:** 6 multiplier events in Portugal, Austria, Greece, Spain, Cyprus, and Bulgaria happening in December!

DISCOVER THE HOSPECO PROJECT ONLINE: A GATEWAY TO SUSTAINABILITY TOOLS AND LEARNING

We warmly invite professionals from the hospitality sector and sustainability advocates to explore the updated version of the HOSPECO project website.
