Science and Technology Week 2023 in Portugal

HOSP-ECO project coordinator, Susana Silva, presented the project to master's students at the ESHT I Escola Superior de Hotelaria e Turismo, of Polytechnic of Porto.

As part of this initiative, a poster about the project was produced and will be displayed to the entire academic community throughout the week!

2ND TRANSNATIONAL PARTNER MEETING

The 2nd Transnational Partner Meeting (TPM) was held in Thessaloniki, Greece in November 2023 and was hosted by Aristotle University of Thessaloniki.

Attended by all the project partners:

- Polytechnic Institute of Porto, Portugal
- Dekaplus Business Services, Cyprus
- BEST, Austria
- Aristotle University of Thessaloniki, Greece
- OECON GROUP Bulgaria, Bulgaria
- ETHNIC Sustainable Tourism Association, Spain
- Center for Social Innovation - CSI, Cyprus

During the partner meeting, HOSP-ECO partners discussed the progress and analyzed the current results of the project and discussed the next steps.

HOSP-ECO PRESENTED AT INTERNATIONAL TOURISM CONFERENCE

The HOSP-ECO initiative made its debut at the ITC'23, the International Tourism Conference hosted by the CiTUR Research Center in Mirandela, Portugal. During the event, the project coordinator provided a comprehensive overview, outlining the project's objectives, its collaborative partners, and presenting initial findings.

Particular emphasis was placed on two significant components: the eTool calculator, designed for assessing the sustainability of accommodations, and the Sustainability Leadership in Hospitality course. The audience recognized these tools as pivotal instruments for fostering sustainability within accommodation establishments.
