

## PRESS RELEASE

05 March 2023

# New project alert – TALENT

CSI proudly presents the organisation's new project, TALENT, which aims to promote equal education, prevent exclusion, support Dual Careers, create a new pattern of behaviour to benefit young, talented children.

The project holder is the Center of Excellence of the Split-Dalmatia County, and it is implemented in seven countries (Croatia, Italy, Greece, Malta, Cyprus, Serbia and Bosnia and Herzegovina). The project consortium is consisted of 2 University institutions (University of Palermo and the Faculty of Sport and Physical Education, University of Nis), 3 non-governmental organizations (SMOC – Sarajevo meeting of cultures, KMOP Education and Innovation Hub, CSI – Center for social innovation LTD) and 1 network organization (EAS – European athlete as student).

The main idea behind TALENT Project relates the creation of an awareness campaign based on training materials that the Consortium will distribute to teachers, coaches, sport professors at school for promoting the needs of talented students.

In the implementation stage of the project the following activities will be conducted:

- Standards for the recognition of talented children
- E-STOP platform
- Recognition of talented children

Stay tuned for the exciting things to come!
